RCE Request for Extension of Time

This is a RCE request for an extension of time to respond to your DETAILED ACTION and to correct my mistakes listed in your FINAL ACTION mailed 09/15/2005.

ENCLOSURES

- PTO/SB/21 Transmittal form
- PTO/SB/30 Request for Continued Examination
- PTO-2038 Credit Card Payment
- A copy of the "FINAL ACTION" mailed to me on 08/15/2005
- Marked up version of the substitute specification
- Clean version of how specification will read
- Abstract with markups and underlines for current amendment
- Drawings with proper identification in the top margins
- Complete list of claims with their status identifiers and current amendments with strikethrough and underline markups.
- Clean copy of how the claims will read

RESPONSE to DETAILED ACTION

A substitute specification with strikethrough and underline markups is submitted to replace the amended specification rejected in your 08/13/2005 office action. It is my understanding that this is the correct procedure for submitting a

substitute specification in lieu of an amended specification. A clean version of how specification will read is included.

The currently amended abstract includes the strikethroughs and underlining.

Drawing changes are the "deleted sheet" for FIG. 5 which is a block diagram of the Wavelet algorithm to calculate FIG. 6, and the "replacement sheets" FIG.5A, . . . , FIG.5P, FIG.5Q which list the Matlab 5.0 software used to calculate FIG. 6.

The complete set of claims are listed with their proper status identifiers. These "currently amended" claims are marked up with strikethroughs and underlining. A clean version of how the claims will read is included.

Thanks for all of your help and guidance.

Sincerely,
